

JOINT DALMATIAN CLUB'S PUPPY LIST REGISTRATION FORM

To add your litter to the Puppy List, please complete and return the form below, retaining this upper part for your records. In order for the Puppy List to be effective it is most important that you advise the co-ordinator when all your puppies have been sold. Members of the public find it very frustrating to be given Members' details, only to find that all the puppies have been sold already.

The following points regarding the operation of the list are brought to your attention;

- ✓ The Clubs wish to make clear that the Puppy List should not be considered the primary source of advertising club members' puppies for sale, and other avenues should always be investigated.
- ✓ Registering your litter of puppies, (**which must have been bred in accordance with the Dalmatian Clubs' current Code of Ethics**), will entitle them to be included on the list for a maximum of **five months** from date of birth, after which time a further registration will be required, although,
- ✓ once your litter is **8 weeks old**, the advertising member is to inform the list co-ordinator, and every two weeks thereafter if they wish to remain on the list, (up to the five month maximum) otherwise your name will be removed. **This will be strictly adhered to, with no exceptions.**
- ✓ in any event puppies will be removed from the Puppy List once they reach twelve months old.
- ✓ Sire & Dam information is to be included on the application, although this information will not be published.
- ✓ only one contact person per litter will be allowed, who must be a club member.
- ✓ every **litter** must be registered separately.

It is recommended that you use the space below to keep a record of your inclusion on the Puppy List, and any renewals of your entry.
